

## **Environmental and Eco-nomic Advantages From Marine Innovation an Competitivity**

### **WEST LOGISTICS**

**Brings you a new marine propulsion system based on  
Refuse Derived Fuel (RDF)**

- **A global solution in the reduction of waste**
- **More economics waste management**
- **Protection of the ecosystem by reduction of landfills**
- **Increased environmental security**
- **Cuts in air emission by up to 98%**
- **Energy diversity**
- **Kyoto Treaty and EC Directive compliance**
  
- **Free fuel using existing waste and biomass**
- **Immediate cost benefits**
- **Dramatic returns on investment**
- **Independence from fossil fuel price fluctuation**
